Erika Gelić

UX/UI Designer with experience in web and mobile interfaces, user flows, and design systems. Focused on creating intuitive digital experiences that balance user needs and business requirements.

Work Experience

CX/UI Designer | Zagrebačka Banka, Full-time
Aug 2025 - Present

- Design new features and optimize existing user flows based on business requirements.
- Create and refine UI components across two design systems, ensuring interface consistency.
- Collaborate with business stakeholders, developers, and project managers to review and refine design solutions.

UX/UI Designer | Recent Work, Internship -> Full-time
May 2024 - Aug 2025

- Analyzed client websites and design references to identify UX/UI improvements.
- Developed and presented design concepts, refining solutions based on client feedback.
- Conducted user research and created wireframes for a running and cycling app.

UX/UI Designer | North West Agency, Internship
Mar 2023 - Jul 2023

- Created wireframes and prototypes for a concert app and contributed to an e-commerce website redesign.
